Assalamu alaikum Wr Wb

As we come to a close of the 2014 academic year, I would like to take this opportunity to thank and appreciate the support of our parents, teachers, students and the community for a very successful year. There have been many opportunities for our students to be actively involved in their learning, through varied classroom activities, excursions, academic competitions and educational activities. A copy of our year book has been distributed to our families and I hope share the year's events with you through its pages.

I am thankful to the teachers, past and present who have sought to meet many challenges by establishing, developing and implementing a rigorous curriculum, and to our parents who have placed much faith and trust in the school. Our strong results confirm that we are taking great strides and moving towards the right direction and are a big morale booster,

Our self-improvement processes have been very successful to enhance the school experience of our students during the course of this year. Over the last few months, our teachers and the school management have had several conversations on ways that the school can improve beyond this. Greater emphasis will be placed at all levels to build up our students' capacity beyond just the academic areas. Leadership and organizational skills will feature strongly in their co-curricular education. In a world that is becoming increasingly inter-connected through technologies, we believe that such competencies will put our students in good stead.

I encourage you to explore our website and school calendar. By doing so, you will be able to stay up to date with the scheduled activities for next year, InshaAllah.

I would like to wish all our families a safe, relaxing and rejuvenating holiday. I look forward to welcoming you back for the start of the 2015 school year.

With warmest wishes,

Mariam Banwa
Principal

Message from Prep Year 1

Assalamu Alaikum Wa Rahmatullahi Wa Barakatuhu

I can hardly believe that it is almost the end of the year. How quickly time has flown. This term has been very busy term for teachers and students with assessments, excursions, sports and various other activities that that has been happening this last month.

Assessments have been completed and I am very proud to announce that all the students have reached the goal that we had set out to achieve at the beginning of the year. Allhumdullilah almost all of the students have achieved beyond my expectations and have surprised me with the excellent results. Ma sha Allah to each and every one of my students who have worked tirelessly to achieve excellent results.

We celebrated the International Teachers Day on the 25th of October. It was very humbling to see so many students in my class presented me with cards, poems and pretty pictures to celebrate this special day. It is wonderful to know that all my efforts, hard work and dedication to your very talented and beautiful children has been acknowledged and appreciated. Maa sha Allah.

Our excursion trip to the sea world was on the 19th of November. All the students who attended enjoyed it. The students were all well behaved and they represented our school well. Thank you to Alana Flynn and Marina Krasniqi for being great parent helpers.

Thank you to all the parents and families for your continuous support and help throughout this year. It would not have been possible for your children to have excelled without your help. I have enjoyed working with all the children in my class and thank you for entrusting them with me.

If you have any queries and would just like to talk to me about your child's learning please do not hesitate to come and see me.
