Principal's Message

Assalamu alaikum Wr Wb

As we reach the end of a busy and successful term, I wish to thank all families of AIIC for their continuous support. These two weeks will be a good opportunity for students to reflect on what they have achieved so far and start planning for Term 4.

Our staff have been focussing on Literacy and Numeracy for the past three terms and have worked diligently in assisting students achieve the best they can. Our teachers have prepared students very well for the NAPLAN Tests and therefore we have received promising and outstanding results. A significant improvement in student outcomes is evident. The Year 12 students have successfully completed the QCS tests.

Secondary students will receive their interim reports by post, and primary students will receive their student portfolios.

I would also like to thank all parents for their continuous support in assisting us to enforce the uniform policy. Almost 90% of our students are compliant and come neatly attired to the college.

This term has been a busy but very productive term. I would like to extend a big thank you to all our staff that made this term so successful.

I wish you all an enjoyable vacation and we look forward to seeing everyone eager and ready for the last term of the year.

Mariam Banwa

Message from Prep Class

Asalamualaikum wa Rahmatullahi wa Barkatahu.

Assalamu Alaikum Warahmatullahi Wabarakatuhu

It is hard to believe that term three is nearly over. The prep students have so far had a wonderful time this term with many exciting activities and we are looking forward to another fun filled and interesting term four.

It is such a pleasure to see so many dedicated parents who put time aside to help their children. Please continue to read at home regularly as it does make a difference. It is extremely important that the children continue to practice their sight word lists. This will help to build their fluency and confidence in both reading and writing. I have assessed my students this term and it is clear that the prep students are achieving wonderful results in their learning.

This term the students went on an excursion to Numinbah valley farm. The students had the opportunity to go on horse rides, touch and hold some animals, feed the cows and take a pony for a walk. The students thoroughly enjoyed the outing and I am so pleased to inform you that every prep child were so well behaved and used their manners at all times. They made me proud. Masha Allah to all the prep students. May Allah (SWT) guide and grant us a safe and happy term three holidays and we hope to see you all back safely in term four In sha Allah. Jazzak Allah Khayran

Mrs. Azara Khan (Prep teacher)

High School Review

Assalamu alaikum Wr Wb,

Dear parents, caregivers and friends,

The High School went to Ashmore TAFE one Friday in August. Mrs Misisic and Miss Collins took us to see what trade courses are available in Queensland. There are more than 1600 courses to choose from in the book. Some of the courses were shown to us at the open day.

I went to the building display. Everyone was building a small window. When it was my turn I used the battery screw driver to screw the frame together. The man on the stall talked to me about the building courses at TAFE.

Next to the building display there were mechanical displays. There were a lot of cars in there to look at. I had a go at changing the wheels. We competed against each other to see how quickly we could take the wheel off, put it on the ground and put it back on again. We used the rattle gun to undo the nuts on the wheel and see who is the fastest. Yasmin was the fastest of everyone in there.

It was an interesting day at TAFE. We tried a lot of different trades and talked to the people about the courses they have at TAFE. It was a fantastic day. Thank you to our teachers – Mrs Misisic and Miss Collins – for organising the day.

SPORTS CARNIVAL

This year, our College sports carnival was held at the Metricon Stadium. Students are allocated into a team: Razi (red), Tusi (green), Rumi (blue), and Cheng-Ho (yellow)

Despite the rain, it did not dampen the fun for the students.

Rumi team emerged as the winner.

A big thank to parent volunteers who help out that day.

PRINCIPAL'S AWARD RECEIPIENTS—TERM 3

Name of student	Year Level	Award
Yasmin Adenshakur	Prep	For completing set tasks and displaying school values
Harmain Hayat Jamaldini	Year 1	Excellent role model of respectable behaviour and great progress in academic achievement
Allira AlHamzawi	Year 2	Excellent behaviour and academic achievement
Renad Alsalman	Years 3/4	For always being a fantastic, helpful and courteous student
Alishba Akbar	Years 5/6	Being disciplined and great role model
Mohamed Muaz Fawaz	High School	Being a good school ambassador

AFL Queensland ran a AUSKick competition for schools participation and our school was selected as the highest number of students participation. The school was presented with a jersey signed by all the Gold Coast Sun players. Adam Saad (as seen in the picture) came to help our students with some handball skills.

YEARS 2

Assalamu alaikum Wr Wb

In term three, students from the Year 2 class learnt about different aspects of environments and animals. They had also learnt how animals adapt and survive in their environment. In addition students gained a basic understanding of

how animals have different needs and how different environments pose different challenges for these animals and plants.

During the term the students had attended an excursion to the Botanical Gardens to further our understanding of different local organisms. We payed special attention to the butterfly and its life cycle, discussed how it adapts to its environment and what it contributes to the garden. Below are some drawings the students produced over the term and some pictures from the Botanical Gardens excursion.

Miss Aldijana Sisic
Year 2 Teacher

YEARS 3 / 4 NEWS

The Year 3\4 class is a new class in Term 3 and although we have had some challenges together we have overcome them.

We have enjoyed an educational and exciting trip to the Queensland Museum and Science Centre. We learnt all about Sound, Dinosaurs and spent some time learning about how to Rescue.

Another fantastic excursion was to Metricon Stadium to meet and train with the Gold Coast Suns.

We did handpassing, kicking drills and played a mini game. The most fun part for me and for the students was getting a tour of the stadium itself to see where the players meet before a match and where they get ready.

In class it has been a creative term with a Space theme throughout our English and Science subjects.

We wrote a persuasive text that convinced people to the Moon and also designed a Rocket and built it in class.

Although we are a new class, we have bonded together nicely and as their teacher I am proud of each and every one of them.

I look forward to another fun term in Term 4.

Candice Gock
Years 3/4 Teacher
