FROM THE PRINCIPAL'S DESK

AsalaamuAlaikum Wa Rahmatullahi Wa Barakatuhu

A very warm welcome to you all, both new and returning families to our college for this academic year 2015.

The past year has been a very successful one and I am very confident in saying that Insha'Allah, this year will be even better. It will be better in terms of new opportunities, new experiences, participation in activities and sport and most importantly, the opportunity to be great students of this college.

Our teachers and staff will continue to focus on academic success, parent communication and to provide our students with a safe, supportive and positive learning environment.

I will be visiting classrooms during the first two weeks to assist students and teachers into the transition to a new school year. In doing so I will explain to students about high expectations and also about what it takes to be a successful student at AIIC.

Student's success is not a matter of luck, but planning, commitment and organisation on your part. Student responsibility will be our focus point this year. I would like to inform and emphasis to you all that school commences at 8-30. Please ensure that you are on time. There will be serious consequences for late comers. Late students will not be allowed to join the morning assembly. This will be emphasised on a regular basis. I request parents to kindly make an effort to drop off their children on time. There will be no tolerance to students who fail to understand and realize their purpose here at AIIC. All families will receive a parent student handbook. Please ensure that you read through and familiarize yourself with all policies.

I look forward to positive support from all parents as we had last year.

Insha-Allah I hope for another successful school year as our journey continues.

I wish you all the very best and a successful year.
