From the Principal's Desk

A very warm welcome to both new and returning students, teachers and parents to our college for the new academic year 2017

The past year has been a very successful one and my promise to you is that this year will be even better, Insha'Allah. It will be better in terms of new opportunities, new experiences, participation in activities and sport and most importantly, the opportunity to be part of this great AICC family.

Each school year begins with renewal all round, a new year, new teachers, new students, new families, new buildings and many new initiatives to enjoy.

I have the pleasure of continuing as your principal and I look forward to working with you all, Insha'Allah.

Our teachers and staff will continue to focus on academic success, parent communication and to provide you with a safe, supportive and positive learning environment.

As we reflect and celebrate our accomplishments of the 2016 academic year. It is evident that our colleges' academic performance continues to improve. Our college was listed last year as the most improved school in Australia and we should be proud of that. Our involvement in the initiatives of Independent schools of QLD particularly the, self-improving schools program and the support and advice received has influenced the great improvements made. The college has been funded for another year to continue its improvement process and we surely will take advantage of that. I encourage all students to strive for excellence and give of your very best in all that you do.

Our college team of teachers are more than prepared, willing and dedicated to provide quality education with high expectations for learning.

Remember, students your success depends on responsibility, planning, commitment and organisation on your part. Student responsibility will be our focus point this year. We want you to become more independent learners and more responsible for your education and behaviour.

I would like to inform you and emphasize to you all that the morning assembly commences at 8-30. Please ensure that you are on time. There will be serious consequences for late comers. Late students will not be allowed to join the morning assembly. This will be emphasized on a regular basis.

Your teachers will be enforcing all the policies, rules and regulations. Remember there is no choice but for you to adhere to it. There will be no tolerance to students who fail to understand and realize their purpose here at this college. All families will receive a parent student handbook. Please ensure that you and your parents become familiar with all policies.

We will uphold our college motto at all times "Excellence in Education, Character and Service"

I would like to emphasize to our parents that education is a joint venture between home and school. We would appreciate all the support you could give to your children and work in partnership with us so that they can achieve their learning goals. The foundation of a successful school is the cooperation between the students, staff, parents and community. Parents are a vital part of our college's success. Your contributions are invaluable through volunteer time and support of school activities. I look forward to working with you and developing a relationship that will assist in the growth of your children.

Year seven all the best to you for the first year of high school. Be positive, show confidence and determination in your studies.

Year 12s your final year of schooling. May this year be a memorable and academically rewarding one for you. You have all our support and we wish you all the very best for this year.

Please join me as we move into another successful school year as our journey continues and I look forward to leading this college to greater success. I would like you to share the same idea as me, that is to have a positive attitude, and to believe in yourself and Inshallah Allah SWT will make all your tasks easy for you.

I want you to remember that I am here at your service and I want to see each and every student realise their potential and achieve their goals.

I wish you all a wonderful and enjoyable year and all the very best, Insha'Allah.

Mariam Banwa

The college will be closed on Thursday, 26 January to mark the significance of Australia Day
