- Whole numbers
- Place value
- Fractions and decimals
- Rounding and Estimation
- Addition and subtraction strategies
- Multiplication and division strategies

Patterns and Algebra

- Number patterns
- Equations
- Algebraic thinking

Measurement

- Time
- Length and perimeter
- Area and volume
- Mass
- Angles

Chance and Data/Space

- Analyse situations involving chance
- Collate data into tables and graphs
- Conduct surveys
- 2D shapes
- 3D shapes
- Angles
- Symmetry
- Transformations
- Location and reading maps

ICT

- Information and Communication skills
- Exploring and analysing information systems
- Visual and binary coding
- Applying design skills
- Word processing skills
- Internet research and activities
- Educational programs including Mathletics and Literacy Planet

TECHNOLOGY

- Plan designs according to requirements
- Select resources and tools to make products using safe practices
- Evaluate products and processes

THE ARTS

- Develop skills and express ideas through visual art work using multiple media
- Drawing and painting
- Drama activities

- Ultimate football
- Touchball

You Can Do It Program

- Getting along
- Organisation
- Resilience
- Persistence
- Confidence

SCIENCE

Inquiry topics include:

- Survival In The Australian Environment
- Our Place In The Solar System
- Now You See it
- Matter Matters

Develop science enquiry skills

- Questioning and predicting
 - Investigation methods
 - Fair testing
 - Using equipment
 - Observing and measuring
 - Analysing results
 - Developing explanations
 - Communicating
 - Reflecting on methods
-

HISTORY

Knowledge of Colonial Australia

Students will investigate the key inquiry questions:

- What do we know about the lives of people in Australia's colonial past and how do we know?
 - How did an Australian colony develop over time and why?
 - How did colonial settlement change the environment?
 - What were the significant events and who were the significant people that shaped Australia?
 - What do we know about the lives of people in Australia's colonial past and how do we know?
-

GEOGRAPHY

Geographical Knowledge and Understanding

Australia and Oceania in the world

- The influence of people, including Aboriginal and Torres Strait Islander

Peoples, on the environmental characteristics of Australian places

- The influence of the environment on the human characteristics of a place
- The influence people have on the human characteristics of places and the management of spaces within them
- The impact of bushfires or floods on environments and communities, and how people can respond

HUMANITIES & SOCIAL SCIENCE SKILLS

- Develop questions about the past to inform an inquiry
 - Locate, analyse and use a variety of information sources
 - Sequence historical events
 - Use a range of communication forms (oral, graphic, written) and technologies
-

ECONOMICS & BUSINESS

Exploring decision making in everyday life

Students will investigate a familiar personal or community economic or business issue they may experience in everyday life e.g. determining items to sell at a school fete.

CIVICS & CITIZENSHIP

Participating in Australia's Democracy

- Investigating the key values of Australia's liberal democratic system of government freedom, equality, fairness and justice.
- Students learn about representatives voting processes in Australia.
- Studying how laws affect the lives of citizens. As well as the role of groups in the community.

EXCURSIONS

- Excursions will be held throughout the year to enrich learning experiences
